

PILLAR: 4
**GOVERNANCE,
 PEACE AND SECURITY**

OBJECTIVES

Transparency, Accountability and Implementation

- Botswana will have a transparent and accountable leadership across all sectors.
- Botswana will have zero tolerance for corruption.
- Our public sector in partnership with other stakeholders will offer first class services and do more with limited resources.

Institutional Framework

Established institutions provide efficient and effective services, supported by a robust legal framework and decentralised governance.

Crime, Peace & Security

Botswana will be a peaceful society with low levels of crime.

Freedom of Expression and Association

Botswana will continue to guarantee constitutional rights to being informed, to freedom of assembly and expression of opinion.

Separation of Power and Effective Oversight

The three arms of government will maintain operational independence to ensure their credibility and public confidence.

Electoral System and Political Representation

Botswana will be mature liberal democracy of international standing.

Bogosi & the Kgotla System

Bogosi will be visible, functional and empowered institution of governance contributing to national development.

Decentralisation

The decentralisation of power, decision making resource mobilisation and service delivery will underpin our governance system.

Civil Society Participation

Civil Society organisations will partners and legitimate actors in the national development process.

Religion & Society

Our religious institutions will play an increased role in safe guarding morality, promoting tolerance and assuring progressive governance.

Foreign Relations

Botswana will be a responsible, committed and respected member of the international community.

Constitution and Human Rights

Botswana will live in full enjoyment of their constitutionally guaranteed rights.
